

FOR IMMEDIATE RELEASE

Five678 Studio of Dance Announces Exciting Transition to a Year-Round Dance Experience

Clinton, Maryland — Five678 Studio of Dance is proud to announce an exciting new chapter as the studio officially transitions into a year-round dance program beginning Summer 2026.

Known for cultivating confidence, creativity, discipline, and community through dance, Five678 is expanding its seasonal structure to provide dancers with continued opportunities to train, grow, and stay connected all year long.

The new “Flex Season” model will feature a lighter summer schedule designed with families in mind while still offering engaging weekly classes, specialty training, and performance opportunities. Students ages 3–18 will now have access to continued instruction in Ballet, Tap, Jazz, Hip Hop, Tumbling, Musical Theater, Technique, Acrobatics, and more.

“This transition is about creating consistency, momentum, and opportunity for our dancers,” said Five678 leadership. “We’ve seen firsthand how much students thrive when they remain active, inspired, and connected throughout the year. We’re excited to continue building not just strong dancers, but confident young leaders.”

The year-round format will also introduce:

- Specialty training classes
- Flexible summer scheduling
- Expanded technique opportunities
- A brand-new Summer Showcase launching in August 2026

Five678 Studio of Dance welcomes boys and girls ages 3–18 and remains committed to fostering a positive, inclusive, high-energy environment where dancers of all levels can grow artistically and personally.

Registration for summer classes is now open.
